

LNC Revamp Clinical Litigation Intelligence

Strategic Market Entry & 90-Day Action Plan — Southeast

Positioning Purview as the trusted
clinical partner for plaintiff and
defense firms

The Opportunity Is Real. The Gap Is Focus.

Reposition from generalist LNC to a Clinical Litigation Intelligence Partner — Southeast-first GTM, five tightly defined service lines, and disciplined execution against generic record-review vendors.

01

Georgia-led Southeast rollout: NC, SC, AL, TN, then targeted FL niches — sequenced for compounding referral density.

02

Five service lines: Record Review, Merit Screening, Standard-of-Care, DME/IME Support, BON Defense Consulting.

1.37M

Active U.S. lawyers (ABA 2025)

11,451

Paid med-mal claims · \$5.02B (NPDB '24)

6.0%

U.S. South growth 2020–2025

Southeast Legal Market: High Demand, Low LNC Penetration

Population growth, active litigation, and weak digital LNC competition create ideal Southeast market entry conditions.

01 Population Growth Fueling Healthcare Demand

South region grew 6.0% (2020–2025) to 133.8M. GA: 10.71M → 11.30M. NC: 10.44M → 11.20M — more medical-legal cases.

02 Active Litigation at Record Highs

1.37M U.S. lawyers (ABA 2025). ~17K med-mal suits/yr. 11,451 NPDB paid claims in 2024; avg payout \$439K.

03 Weak Digital LNC Competition

Mid-size firms in GA, NC, SC, AL, TN lack in-house clinical expertise. SEO opportunity is wide open for LNCs.

\$62B+

Total U.S. malpractice payouts 2010–2022
(156,871 payments).

Who Buys LNC Services — and Why

6x

Six primary buyer segments driving recurring clinical-litigation demand.

Buyer segments fueling
recurring retainers

Plaintiff Med-Mal Firms

Need: Early case screening, chronology, SOC analysis.

Value: Identify viable cases fast; avoid weak-merit cost.

Defense / Healthcare Teams

Need: Counteranalysis, expert direction, record gaps.

Value: Defense strategy with clinical precision.

Personal Injury Attorneys

Need: Causation, injury docs, treatment timeline.

Value: Records into compelling legal narratives.

Workers' Comp Attorneys

Need: IME/DME review, functional capacity.

Value: Clinical oversight; support or challenge findings.

Insurers, TPAs & Claims

Need: Medical-necessity review, cost containment.

Value: Recurring revenue; billable retainers.

BON / License Defense

Need: Clinical mapping, EHR, SOC framing.

Value: Niche expertise = instant differentiation.

Best first client: mid-size plaintiff or defense firm with recurring medical-record-heavy cases and no in-house nurse consultant.

SE → US

Southeast-rooted, nationally scalable legal nurse consulting.

Clinical reasoning

Attorney-ready deliverables

Secure workflow

Speed with quality control

Clear insight. Organized records.

Building a Nationally Scalable, Southeast-Rooted LNC Firm

Translating complex medical records into clear, attorney-ready clinical intelligence across med-mal, PI, workers' comp, IME, Board of Nursing, and healthcare claims.

FIVE CORE SERVICE LINES

Focused Services. Maximum Attorney Value.

MEDICAL RECORD REVIEW

Why First: Easiest entry; universal need

Deliverable: Indexed chronology w/ clinical annotations

Buyer: PI, med-mal, workers' comp

MERIT REVIEW / SCREENING

Why First: High-ROI for plaintiff screening

Deliverable: Merit report w/ strength/weakness analysis

Buyer: Plaintiff med-mal; PI volume intake

STANDARD-OF-CARE ANALYSIS

Why First: Core LNC authority signal

Deliverable: Written analysis w/ guideline citations

Buyer: Med-mal firms; expert witness prep

DME/IME OBSERVATION

Why First: Differentiated regional niche

Deliverable: Observation + discrepancy analysis + debrief

Buyer: Workers' comp; PI; claimants' counsel

BON DEFENSE CLINICAL CONSULTING

Why First: Underdeveloped, high-margin market · **Deliverable:** Clinical issue map, EHR/ADC checklist, SOC framing

Buyer: Nurses facing BON complaints; license defense attorneys; healthcare systems

Phasing Note: Launch all 5 in parallel with clear packaging — do not delay service menu finalization.

Build Authority First. Convert Leads Second.

Delivery

Legal boundary: LNC provides clinical consulting, NOT legal advice. All deliverables include the standard consulting disclaimer.

Risk-Aware. Mitigation-Ready.

Nine prioritized risks across three severity bands — each paired with concrete mitigations to protect clients, credibility, and capacity.

HIGH RISK

1. Confidentiality Breach

PHI/privileged access → Encrypted portal, access controls, HIPAA-aligned workflows.

2. Unauthorized Practice of Law

Clinical consulting language only; attorney owns strategy; disclaimers on all deliverables.

3. Overbroad Positioning

Launch 5 core services, Southeast-first focus; resist scope creep.

MEDIUM-HIGH

4. Low Outreach Conversion

Build proof assets first; targeted lists; structured follow-up cadence.

5. DME State-Law Complexity

Verify state observer-rights rules with attorney clients before marketing.

6. AI Accuracy Risk

Mandatory RN validation; source citations to records; audit trail maintained.

MEDIUM

7. Capacity Strain

Limit rush work; use retainers; recruit contract reviewers at 90 days.

8. Price Pressure

Compete on clarity, speed, and specialization — not cost.

9. Competitor Response

Build niche SEO and thought leadership before competitors move.

What Good Looks Like in 90 Days

90-Day Scorecard · Measurable Outcomes

Bonus Goal

Set monthly consulting revenue baseline after 90 days using actual closed projects as benchmark.

PHASE 1 · DAYS 1–30

Build the Foundation

Positioning & quick wins — eight prioritized tasks sequenced across the first 30 days.

Cost profile: Low to Medium · Tools: Canva, Jotform, HubSpot, LinkedIn, Microsoft 365

PHASE 2 • DAYS 31–60

Build the Engine

System building & client development. Eight medium-priority workstreams turning content into outreach, outreach into pipeline.

System Build Flow

Content & Templates → Prospect Lists & SEO → Outreach & Discovery Calls

Differentiation Strategy

Clinical Litigation Intelligence Partner — Not a Generic LNC

Most LNCs compete on price and availability. Winners compete on clinical reasoning, deliverable quality, and niche expertise.

AVOID: Broad national marketing · Generic summaries · Undifferentiated positioning · Price competition

01
Clinical Reasoning

Pathophysiology & standard-of-care analysis

02
Attorney-Ready

Deliverables built for legal teams

03
Standards of Care

ANA, Joint Commission, CMS citations

04
Speed + QC

Triage → QC → delivery SOP

05
Secure Workflow

Encrypted portal, retention policy

06
Southeast Niche

GA, NC, SC, AL, TN expertise

90-Day Timeline: Three Phases. One Direction.

Sequence matters. Build before you sell. Prove before you scale.

DAYS 1–30

Positioning & Quick Wins

Build the credibility foundation before outreach begins.

- D7** Service menu + intro PDF
- D10** Pricing tiers finalized
- D14** Intake form live; GA+NC lists
- D21** CRM operational
- D30** 5 SOPs complete

DAYS 31–60

Systems & Client Dev

Launch outreach, publish content, convert prospects.

- D30** Law-firm outreach launched
- D45** GA+NC landing pages live
- D45** Chronology templates done
- D60** AL/SC/TN/FL lists built
- D60** 250 CRM contacts; calls booked

DAYS 61–90 & BEYOND

Growth & Scaling

Convert authority into revenue; build expert network.

- D60-75** Sample deliverables + cities
- D75-90** First webinar (20+ regs)
- D90** 2–5 paid pilots closed
- D90** Revenue baseline set
- M6** 10–20 experts; observer network

Competitive Positioning Map

Claim the High-Value Quadrant Before Competitors Arrive

How to Defend This Position

- 🔍 Niche SEO + state landing pages
- 📖 Attorney-education content authority
- ⚙️ Systematized delivery at volume
- 👥 Expert roster + observer network
- 🔗 Retainer relationships create lock-in

KEY INSIGHT

No other Southeast-focused LNC owns this quadrant digitally. The first-mover window is **open now** — and closes as AI tools and generic vendors mature.

COMPLETE ALL 9 ASSETS BEFORE HIGH-VOLUME OUTREACH BEGINS

Don't Sell What You Can't Yet Show

Attorneys buy trust before they buy services. Every proof asset removes a buyer objection before it's raised.

9

Essential proof assets to build attorney trust pre-outreach.

PHI protocol

Focus. Package. Execute.

The opportunity is not the problem. Focus, packaging, and execution discipline are — and the solution. Build in 30. Launch in 60. Scale in 90.

WEEK 1 — Foundation

- ✓ Finalize service menu & pricing
- ✓ Draft attorney intro PDF
- ✓ Define pricing tiers

WEEKS 2-4 — Build

- ✓ GA + NC prospect lists, CRM, intake form
- ✓ 5 SOPs, templates, BON defense packet
- ✓ LinkedIn content + first outreach wave

Days 31-90: Publish state pages · Book 5-10 calls · Close 2-5 pilots · Host webinar
